The proposal is permanently to enlarge the physical capacity of the School in order to accommodate additional pupils with effect from September 2013. ### **EXPLANATORY NOTES**

Immediately subsequent to the approval of the proposal set out in the Notice, it is the intention of the Local Authority as the Admission Authority for the School and acting in accordance to the guidance in the School Admissions Code 2010, to amend the determined admission arrangements at the school and to increase the admission number of the school at the relevant year (YR) from 30 to 60 with effect from September 2013.

It is planned to enlarge the physical capacity of the School on a phased basis with accommodation for infant aged children being ready by September 2013, followed by a further phase(s) of building and adaptation to accommodate junior aged children. Because the School will have already admitted additional pupils in bulge classes, the Key Stage 2 accommodation will be required from 2014.
