

Consultation Arrangements

Tell us what you think about the plans
between 5 January and 16 February 2011

You can make comments and view the full document and Local List nominations on-line at: www.sutton.gov.uk/heritage

You can also view the full documents in:

- all local Libraries
- Civic Offices, Sutton
- Denmark Road Offices, Carshalton

An exhibition of the plans will be on display during the consultation period at:

- Sutton Central Library

Council officers will be available to discuss the plans at Sutton Central Library on:

Wednesday 19 January 2011 4.30 - 6.30pm
Monday 7 February 2011 12.00 - 2.00pm

If you would like to know more:
email ldf@sutton.gov.uk
or call **Claire Gray** on **020 8770 6453**

Celebrating Sutton's Heritage

We want your views on plans
to protect and enhance heritage
buildings and structures in Sutton

Sutton Council has been looking at buildings and structures in the borough which have heritage value that should be retained and enhanced.

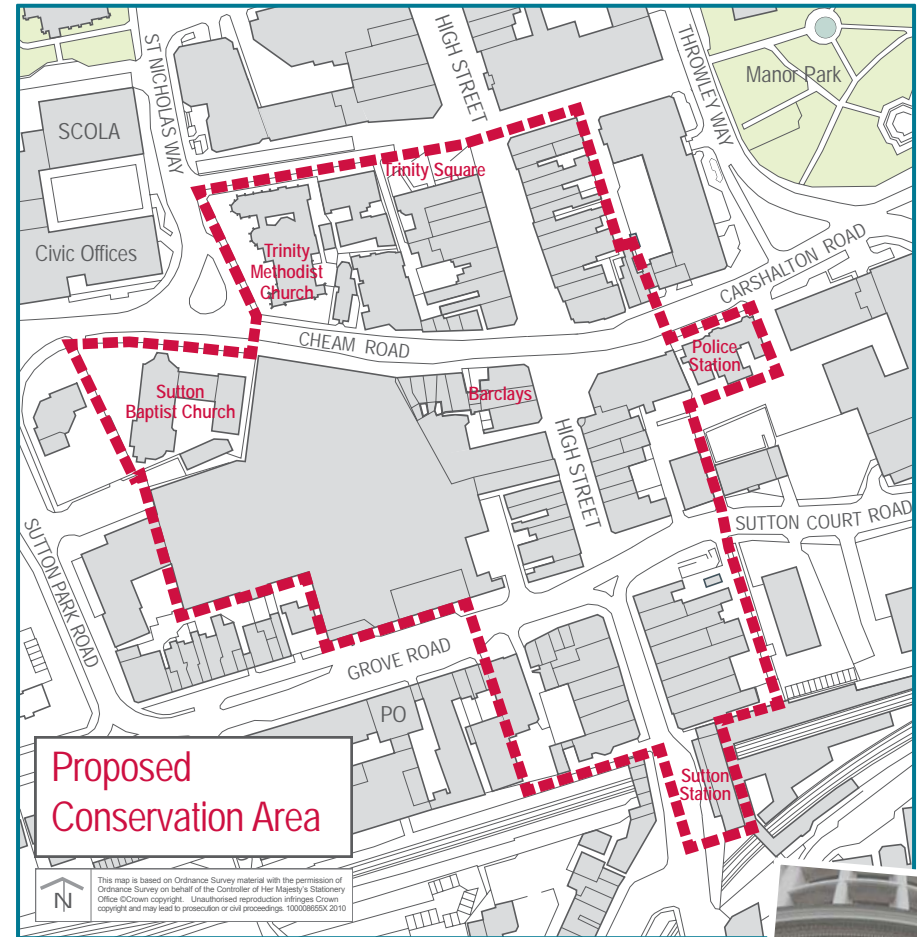

Conservation Area

A new Conservation Area is proposed for part of Sutton High Street, from the Station down to Trinity Square.

This area has a fascinating history, starting as a rural community which grew rapidly during the Victorian era. By the mid 19th Century, the High Street was a wealthy Victorian shopping parade and many of the original buildings can still be seen today. The buildings, particularly at upper storeys, are worthy of preservation and enhancement.

Treasuring and enhancing the unique aspects of the area will help:

- create a stronger local identity
- support the regeneration and promotion of Sutton town centre
- encourage visitors and shoppers
- support retailers and a vibrant town centre

Locally Listed Buildings

Following a call for nominations over 180 buildings and structures are now proposed as possible additions to the Local List. These are all either of historic interest (due to their connection with people or events of local importance) and/or have significant local architectural value.

All the buildings/structures proposed for inclusion make an important contribution to the character and understanding of the history of the Borough. It is important to ensure they are retained and where possible enhanced.
