

ENVIRONMENT ACT 1995 – Section 83

AIR QUALITY MANAGEMENT AREA ORDER 2009

The Council of the London Borough of Sutton (“the Council”), Civic Offices, St Nicholas Way, Sutton, SM1 1EA in exercise of powers conferred upon it by section 83(1) of the Environment Act 1995 makes the following order.

This Order may be cited as the “London Borough of Sutton Air Quality Management Area Order 2009”. It will come into force on *[date to be arranged following consultation, but no later than 1/3/2010]*

1. Following a detailed review and assessment of air quality in the London Borough of Sutton in 2008 it appears to the Council that the air quality objective (annual mean value) for nitrogen dioxide is not likely to be met by the relevant objective date in respect of the areas listed in appendix A of this Order
2. It also appears to the Council that the increasing number of waste management sites in the Beddington Lane industrial area represent significant new sources of pollution in the area.

This Order designates the following as air quality management areas:

- a. The roads listed in appendix A and outlined in red on the maps
- b. The area outlined in red on the map in appendix B

The London Borough of Sutton Air Quality Management Area Order 2001 remains in force.

The London Borough of Sutton Air Quality Management Area Order 2004 is amended as follows: the B272 (Beddington Lane) is deleted from the list of roads in that Order, as it is now included in the area designated by the 2009 Order.

This Order may be varied or evoked by a subsequent Order.
